

DRAFT

(There are possible some changes in the program)

**PROGRAM**  
**of the Second International Forum**  
**of the Digital Transformation of the State Security DIDGITECH**  
**within the framework of the 26<sup>th</sup> International Exhibition of Means of the State**  
**Security Provision INTERPOLITEX 2022**  
(18 – 20 October 2022 , Crocus Expo IEC)

**Main topics of the Forum:**

- The sovereignty of technologies in the context of cyberwars "Information = National Security”;
- Proactive import substitution: production technologies, equipment and services;
- New security strategies in light of sanctions restrictions.

**19 October 2022 (Pavilion No. 1, Halls G-F)**

**Plenary Section “Digitalization as a Tool for Ensuring National Security”.**

Held with the invitation to participation of Deputy Prime Minister of the Russian Federation Mr. D.N. Chernyshenko and Deputy Prime Minister of the Russian Federation - Minister of Industry and Trade of the Russian Federation Mr. D.V. Manturov, heads of federal executive and legislative authorities of the Russian Federation, key implementers of the state digitalization programs.

**Key topics of the plenary section:**

- The era of cyberwars at the state level: Information security as a key factor in the competitiveness and survival of the state;
- Digital Sovereignty as Ensuring the Security of Russia's National Interests;
- The common information space as the basis for creating a foundation for ensuring national security;
- Ensuring information security in the global digital space as an integral component of national security and a guarantee of sustainable development of the state;
- Focus on domestic information technologies in the interests of achieving technological sovereignty;
- Security paradigms: the transition to cyber physical systems in order to ensure the security of society and citizens;

- “Digital Maturity”: Innovative IT Solutions for the implementation of Russia's National Development Goals;
- Digital Transformation: Independence and Security of Russia's Information Infrastructure;
- Overcoming information monopolism in the formation of a new technological order;
- Financial innovations: the economic effect of digitalization;
- Development of the strategic direction "Digital transformation of the state administration".

### **18 – 19 October 2022 (Pavilion No. 1, Halls G, C, D)**

**The applied sections of the Forum** are organized and held with the expert support of the relevant departments of the Ministry of Digital Development of Russia by thematic segments:

- Applied section “Cyber Security”;
- Strategic session "TIME TO SWITCH TO OURS";
- International Forum “Quantum Technologies”;
- Business Forum "Vector of Development - Domestic Technologies”;
- Applied section “Services”;
- Applied section “Technologies”;
- Applied section “Infrastructure”.

The applied sections include business events of different formats (conferences, round tables, seminars). Sections are organized by partners and sponsors of the Forum, as well as industry associations.

Topics of the applied sections of the Forum (at present under formation):

Name of the event	Invited to participate	Expert support
<b>Applied section “Cyber Security”</b>		
Panel Discussion "Cloud Platform Security in the New Realities"	Department of Cybersecurity of the Ministry of Digital Development of Russia	Office of the Minister of Digital Development of Russia
Roundtable "Guarding Citizens' Digital Privacy: Innovations and Activation"	VEB.RF, The Bank of Russia, PJCS “SberBank”, Big Data Association	Cyber Security Department of the Ministry of Digital Development of Russia
Dialogue session "Protecting the client from theft and cyber attacks"	VEB.RF, The Bank of Russia, VTB Bank (PJCS)	Cyber Security Department of the Ministry of Digital Development of Russia
Panel discussion "Cryptocurrencies in Russia: their merits and risks. Ways and Prospects for Development".	Ministry of Finance of Russia, State Duma Committee on Information Policy, Information Technology and	Cyber Security Department of the Ministry of Digital Development of Russia

---

Communications

---

Panel Discussion "Information Security and Cyber Resilience Standards: Interaction and Response to Information Threats within the Bank of Russia FinCERT Activities (FinCERT: Financial Sector Computer Emergency Response Team)"	The Bank of Russia	Cyber Security Department, Department of IT Industry Development of the Ministry of Digital Development of Russia
Panel Discussion "Security of Critical Information Infrastructure"	Association "Trusted Platform", FSTEC of Russia	Cyber Security Department of the Ministry of Digital Development of Russia
Conference "Current problems of combating cyberfraud"	Technical Committee 26, Prosecutor General's Office of the Russian Federation, Investigative Committee of Russia, International Police Association (IPA)	Cyber Security Department of the Ministry of Digital Development of Russia

---

**Strategic session "TIME TO SWITCH TO OURS"**

---

Plenary session "Import-independence in IT as an element of digital transformation of the enterprise"	Askon Group of Companies Russian Information Technology Development Foundation	Cyber Security Department of the Ministry of Digital Development of Russia
Dialogue session "Difficulties in replacing foreign ecosystems of corporate software: lack of full-fledged Russian analogues of foreign IT solutions"	State Space Corporation ROSCOSMOS OOO RC Digital»	Cyber Security Department of the Ministry of Digital Development of Russia
Panel discussion "Integration of existing Russian solutions: attracting state subsidies"		
Round table "Personnel hunger: training of specialists within the framework of a comprehensive import substitution project"		
Dialogue session "Strategy and tactics of proactive import substitution under the pressure of sanctions"	ER-Telecom Holding JSC OOO MT-TECHNOLOGIES	Cyber Security Department of the Ministry of Digital Development of Russia
Panel discussion "Economic effect: End-to-end P2P (Plan-to-Produce) production processes"	OOO "Sibur Digital"	
Round table "Window of Opportunities" for creating a competitive Russian information technology market"	PJSC "Rostelecom", PJSC Rostelecom-Solar	
Presentation "National Cyber Training Ground: Universal and optimal tool for threat analysis, planning and preparation of cyber exercises and training events by means of ready-made infrastructure"	PJSC Rostelecom-Solar	Cyber Security Department of the Ministry of Digital Development of Russia
Roundtable "Russian Cryptography in the Russian Segment of the Internet"	Federal Security Service of Russia, Technical Committee 26	

---

Panel discussion "Sustainability of infrastructure and services for data transmission, processing and storage in the banking sector"	The Bank of Russia, Association of Software Developing Companies RUSSOFT, Association of Russian Banks
--	---

Dialogue session "Open source: Version "Security", development vector - trusted environment"	RUSSOFT, Russian Information Technology Development Fund
--	---

## International Forum "Quantum Technologies"

Organizer: **GAZPROMBANK** Strategic Partner of the Second  
Forum of Digital Transformation of the State Security DIDGITECH -

Plenary session "Quantum Technologies of the Future"	Russian Quantum Centre, Gazprombank JSC	Cyber Security Department of the Ministry of Digital Development of Russia
--	---	--

Foresight-session "Roadmap for the Development of Quantum Technologies of the Russian Federation"		
---	--	--

Foresight - session "Quantum Threat - New Challenge for IS"		
---	--	--

Foresight - session "Cybersecurity at a New Level: Post-Quantum Cryptography "		
--	--	--

Foresight session "A New Paradigm for Solving the Most Complex Computing Challenges"		
--	--	--

Foresight session "Satellite and Atmospheric Systems of Quantum Key Distribution (QKD)"		
---	--	--

Discussion "Formation and Implementation of the Sensor Roadmap"		
---	--	--

Discussion "Why does the industry need quantum technologies?"		
---	--	--

Foresight session "Further Development of Quantum Industry"		
---	--	--

Panel session "Barriers to the Development of Quantum Industry"		
---	--	--

### Applied section "Services"

Plenary session "Digital Services and Investments: New Opportunities for Government and Business"	State Duma Committee on Economic Policy, Industry, Innovative Development and Entrepreneurship	Department of Cloud Service Development and Data Management of the Ministry of Digital Development of Russia
---	---	---

### Applied section "Technologies"

Conference "Digital Technologies of Modern Forensics"	Investigative Committee of Russia	Cyber Security Department of the Ministry of Digital Development of Russia
---	--------------------------------------	--

Panel section "Preferential leasing for digital technology projects and platform solutions"	United Leasing Association (ULA), SberLeasing JSC	Department of Demand Stimulation for Radio-Electronic Products of the Ministry of
---	---	---

	State Transport Leasing Company (STLC)	Digital Development of Russia
Seminar "Grant support of projects and other tools of development of Russian IT-companies"	Russian Fund of IT Development	Department of IT Industry Development of the Ministry of Digital Development of Russia
Dialogue session "Digital Investment Instruments"	Moscow Credit Bank, PJSC, Sovcombank, PJSC	Department of IT Industry Development of the Ministry of Digital Development of Russia
Seminar "Preferential Lending for Digital Transformation Projects"	VEB.RF, Association of Banks of Russia	Department of IT Industry Development of the Ministry of Digital Development of Russia
Dialogue session "6G - Features of the Computing Architecture and Prospects for Development and Application in Russia"	Autonomous Non-Profit Organization "National Technology Initiative Platform", Radio Research Institute	Department of Development of New Telecommunication Services of the Ministry of Digital Development of Russia
Dialogue session "Biometrics on the security of personal data - responses to new challenges and threats of the digital era"	PJSC Rostelecom	Department of Digital Identification Technology Development of the Ministry of Digital Development of Russia

### **Applied section "Infrastructure".**

#### ***CONGRESS OF REGIONS***

Presentations of regional digitalization projects of Russian regions as part of the state program "Digital Economy of the Russian Federation"	Regions of the Russian Federation (in progress): Khanty-Mansi Autonomous Okrug, Yamalo-Nenets Autonomous Okrug, Republic of Tatarstan	Program and Project Coordination Department of the Ministry of Digital Development of Russia
